STANDARD OPERATING PROCEDURE & ACCESS GUIDE

Document ID: KB-SOP-2026-V2 | Target Audience: All Staff | Last Updated: July 2026

1. Password Management & Account Security

TechAssist Solutions enforces a strict 90-day password policy for all employee active directory accounts.

Changing Your Password via Web Portal

- Navigate to the Self-Service Portal at `https://id.techassist.internal`.
- Log in using your current domain username and password.
- Select **Account Settings > Security & Password**.
- Enter your current password, followed by your new password twice.
- Click **Submit** and wait for the confirmation message.

Password Complexity Requirements

- Minimum length of 12 characters
- Must contain uppercase letters (A-Z) and lowercase letters (a-z)
- Must include at least one number (0-9) and one special character (!@#\$%^&*)
- Cannot contain your username or last 5 previously used passwords

2. Connecting to Corporate VPN (GlobalProtect)

Remote access to internal tools, asset portals, and shared drives requires an active VPN connection.

Connection Steps

- Launch the **GlobalProtect Client** installed on your corporate laptop.
- Verify the portal address is set to `vpn.techassist.com`.
- Click **Connect**.
- When prompted, enter your company username and password.
- Approve the Multi-Factor Authentication (MFA) push notification on your mobile device.

3. Troubleshooting Guide

If you encounter issues connecting or logging in, refer to the matrix below before submitting a support ticket.

Symptom / Error	Possible Cause	Recommended Action
"Authentication Failed"	Expired password or wrong MFA code	Verify credentials or reset password via Self-Service portal. Check mobile network for MFA.
VPN stuck on "Connecting..."	Network filter or unstable internet	Restart local Wi-Fi router. Ensure port 443 is not blocked by local network.

Symptom / Error	Possible Cause	Recommended Action
"Account Locked Out"	Too many failed login attempts	Wait 15 minutes for automatic unlock, or contact IT Support Agent to trigger manual unlock.
